

PURE RICH BLOOD PREVENTS DISEASE

Bad blood,—that is, blood that is impure or impoverished, thin and pale,—is responsible for more ailments than anything else.

It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse trouble.

It is responsible for run-down conditions, and is the most common cause of disease.

Food's Sarsaparilla is the greatest purifier and enricher of the blood the world has ever known. It has been wonderfully successful in removing poisons and other humors, increasing the red-blood corpuscles, and building up the whole system. Get it today.

Protecting Young Trees.

A neighbor has been having good success in protecting young shade trees along his farm frontage with barrel staves. Writes R. G. Kirby in Farm and Home. Several old barrels were knocked to pieces and four staves were used around each young tree. The convex side is turned outward and a strong piece of wire is securely fastened around the staves and pushed downward until they are securely held in place. Pushing the end of the staves about two inches into the ground helps to hold them tightly in place. A protection of this kind is not sufficient to keep out field mice, but will insure against loss from rabbits or mechanical injuries.

WORKED IN THE HAY FIELD.

Arthur Jones, Allen, Kas., writes: "I have been troubled with bladder and kidney troubles for a good many years. If it were not for Foley Kidney Pills I would never be able to work in the hay field." Men and women past middle age find these pills a splendid remedy for weak, overworked or diseased kidneys. Sold everywhere.

Moses Reed, mail carrier for the last twelve years, from Lampton, and a subscriber to The Leader, died December 14. He was aged 74 years.

UNCEASING MISERY

Some Guthrie Kidney Sufferers Get Little Rest or Comfort.

There is little sleep, little rest, little peace for many a sufferer from kidney trouble. Life is one continual round of pain. You can't rest at night when there's kidney backache. You suffer twinges and "stabs" of pain, annoying urinary disorders, lassitude and nervousness. You can't be comfortable at work with aching pains and blinding dizziness. Needless to say, ailments and serious troubles may follow. Begin using Doan's Kidney Pills at the first sign of disorder. Thousands have testified to their merit. Guthrie readers will find convincing proof of merit in the following testimony:

J. W. Hager, retired farmer, Marshall, Okla., says: "I was annoyed a great deal by too frequent passages of the kidney secretions, especially during the night. At last I got a cure. I have had no more trouble since when I did any work that required stooping. Doan's Kidney Pills relieved me. Kidney weakness and bladder trouble much better in every way. Price five at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hager had. Foster-McIlhenny."

What Gift

for MOTHER, WIFE OR SISTER? The Answer—An Electrical Gift

Indeed this gift will bring joy to her heart. An Electrical Iron, Curling Tongue, Perce-lator, Toaster, Chafing Dish and many other cooking and heating appliances.

Let us help your Xmas.

ARE AROUSED BY MENACE OF OIL MONOPOLY NOW

OIL TRUST ALSO HARD PRESSED FOR PETROLEUM: WHAT TUCKER SAYS

Kansas City, Mo., Dec. 12.—The Oklahoma oil fields contribute to this city are now enjoying their greatest era of prosperity. The price of petroleum is \$1 a barrel, with every indication of climbing much higher. Tankage stocks are the lowest they have been in many years, and crude oil is in demand immediately from being brought to the surface. Such valuable leases as are available in the proved fields are being placed pretty generally all over the various established pools.

At "Independent" oil headquarters in this city, Henry H. Tucker, Jr., president of The United States Oil Company, the managing editor of the Oil Trust, said today:

"The present is truly the 'case of oil' and the people's organization is enjoying a full share of the prosperity which permeates the oil industry. It becomes more certain every day that economic conditions of world wide import will compel the Oil Trust to establish a price of \$2 per barrel for petroleum by forcing."

"While there is increased activity in the Pennsylvania, West Virginia, Ohio and California fields, it is really to the Oklahoma fields that the refiners must look for their principal supply of petroleum. While the production of California is great as regards volume—indeed, that state even having exceeded Oklahoma last year—so much of it is fuel oil that for the higher grade product such as produces gasoline, the country is depending more and more upon the Oklahoma fields."

"The Oil Trust is hard pressed for petroleum, because of the immense demands being made upon it, both at home and abroad, for the refined products. As a consequence it is endeavoring to induce production. Producing oil at the present price in the Oklahoma fields of \$1 a barrel is a lucrative business, for the substantial organizations which have the capital and resources to do big things. While the alluring inducements offered the producers seem to be an incentive for better mine, bumpy and wildcatting," I am gratified to say that little of the latter is being done."

"The stockholders of The United States Oil Company would not at the present time dispose of their properties for less than \$20,000,000, whereas the 128 oil wells which we have in daily operation, 129 of which are connected with our chief refineries by our own pipe line 145 miles in length, which was exempted by the United States supreme court from the railroads which declared all other pipe lines to be common carriers, we own five favorable locations for new wells on our large acreage of wooded lands and leases throughout the various proved fields. Prospects for securing the validation of our great lease on 400,000 acres in Osage county, Oklahoma, are growing brighter daily."

"The entire country is beginning to become aroused over the further menace of 'oil monopoly.' Back East it is already predicted that gasoline will reach a price of 10 cents a gallon within a short time. This terrifying probability is calling attention to the prospect of The United States Oil Company which, in answer for the valuation of its lease in Osage county, Oklahoma, is impeding the Federal government to authorize state authority commissioning to its oil as to the consumers for the refined products suffering from the development of 1914 property wherever there are sold, and as so suggesting that the same clause be placed in every other lease on Indian land and government owned property."

"Since there is a possibility of half of this destruction leading to a war, and a war, which would be the key which would lock the door which would bar oil from the world, the oil monopoly is a danger to the world."

NO WELCOME FOR PEACE DELEGATES AT THE HAGUE

FORD'S EXPEDITION IS CAUSING MIRTH ALL OVER EUROPE JUST NOW

Edinburgh, Dec. 12.—"At this moment there is coming over a vessel fraught with peace," said the Earl of Rosebery, formerly prime minister, in a speech here.

"It is propelled apparently by a gentleman named Ford, who makes, I think, perambulators. He is coming over to pour oil on troubled waters at the inspiration of a Dr. Aker of whom we know something here, and who by value more potent than that of any mortal hand in this world, is going to call the soldiers from the trenches and bid the waves be still."

"The expedition will fail, but that the mighty passengers receiving free passages may enjoy themselves and do no mischief is our earnest wish."

The Hague, Dec. 12.—Neither encouragement, recognition nor support in any shape or form will be offered to the Ford peace party by The Netherlands government, according to information from official sources given to a correspondent of the Associated Press.

Government officials, it was indicated, naturally noted the party's departure and also received a notification thereof from the leader, but no reply was forwarded. No opposition will, however, be placed in the way of the party's landing in Holland, but should the activities of its members become embarrassing while here they will in all probability be requested to transfer their headquarters to other than Dutch territory. Private parties of whom there are many in this country, probably will welcome the Ford party as an antidote to their ruckus.

The impression prevails that the general public and the press are inclined to regard the Ford party without the slightest interest, as the opinion is widely prevalent here that peace will not be achieved by the efforts of pacifists, but as the result of hard fought battles in which one antagonist succumbs.

A Quinine That Won't Make You Nervous

FEVERLINE is a trade-mark name which designates the first, original and only reliable Tasteless Syrup of Quinine. An improved Quinine, pleasant to take, does not nauseate nor cause nervousness. Children take it and never know it is Quinine. It is perfectly adapted to adults who cannot take ordinary Quinine. Try it next time you need Quinine for any purpose. Ask for Tasteless original package. The name FEVERLINE is blown in the bottle. 25 cents.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

STRONG AND WELL AS EVER.

Fred Smith, Green Bay, Wis., says: Foley Kidney Pills completely relieved me of all soreness and pain in my back and I now am strong and well as ever." Cold weather makes aching joints, sore muscles and irregular bladder action more unbearable. "Foley Kidney Pills help the kidneys eliminate pain-causing poisons. Sold everywhere.

Beware of Ointments for Catarrh That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians. As the disease they will do is left to the God you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

DR. J. C. MAHR PUSH-ING RED CROSS SALES

Oklahoma City, Dec. 12.—Sale of Red Cross Christmas seals in Oklahoma this year has again been placed with the schools of the state, as last year. Dr. J. C. Mahr, secretary for Oklahoma of the Anti-Tuberculosis Association, explaining that this done for the double reason that the pupils have proved capable and that they have become interested in the work to the extent that many local anti-tuberculosis organizations have been formed among the school attendants.

So far as has been reported, the city of Tulsa is the only one that has followed the full prescribed anti-tuberculosis week program. All the schools are doing something in this line, however, and the seal of the pupils and teachers in elimination of the disease is said to be pleasing to an extent that makes it likely the sale of seals will exceed that of last year and the organization of associations to combat and prevent tuberculosis will be noteworthy.
